Vol. 02

In an effort to get to know all of our skaters better, we would love to highlight one of our skaters each month in the Monthly Newsletter. If you or your child would like to be interviewed for the the Skater of the Month slot or have a Media Mention to share, please contact Amanda at [fsconewsletter@gmail.com](mailto:fsconewsletter@gmail.com)

Zainab Oueslati

When 8-year-old Zainab saw how challenging ice skating is, she decided to make it her sport. Zainab, who started training two years ago, doesn't just stick to the traditional moves. Instead, she's happiest when she's interpreting songs in her own style with her coach's support.

Zainab homeschools with her parents while continuing to work hard on her axel jumps at Kissimmee's Ice Factory of Orlando. Her dream? To be the first person from Tunisia to compete in the Winter Olympics.

"I want to say to Muslim girls, don't let anything hold you back... Muslim girls can do anything they dream of," says Zainab.

## Awesome Media Mention in Playground Magazine, Z!
